There were various ideas brought up regarding the path, MA and MD to continue discussion and MD to report back to GACC. Ongoing discussions have been put on hold due to Covid 19 restrictions; we will carry this forward for discussion at a later date.</p> <p>Aberlady Memorial Garden Hedge – LF has met with interested parties and they have reached a compromise. Cllr JG explained that at present the relevant ELC account is in a deficit due to Covid 19.</p> <p>DA reported that she had received many complaints about the speeding in at the east end of Gullane and eastwards from there on the A198. 10	<p>Planning</p> <p>MW spoke about the planning application regarding the Gullane Gym. There are several community members involved in an aspiration to purchase the gym to keep it as an asset for the surrounding communities. MW has already submitted a letter of objection on behalf of GACC in respect of the planning application. TD is also to contact Douglas Connan, who had emailed GACC about the community group interested in buying the gym.</p> <p>TD summarised the four controversial outstanding planning applications that are affecting Dirleton at the moment:</p> <ul style="list-style-type: none"> • The Archerfield Links application, which includes 2 house plots on the edge of the village green. This application is still under consideration by ELC. • An application for the refurbishment of Auburn House, facing onto the church green, which includes the redevelopment of the old laundry building as 3 holiday accommodation units and garages/carports fronting Manse road. This is under consideration by ELC. • An application for a riding stables development on ground north of the church by a company owned by the purchasers of Auburn House and the old laundry building. This is under consideration by ELC . • The Newmains Farm Steading application, which involves several issues. (2) The closed off right of way - ELC legal staff have advised that on the basis of evidence provided by the Dirleton Village Association (DVA) this is an established public right of way and that ELC is now considering issues relating to a diversion of the relevant section. TD has been monitoring the position with them and with the community police officers regarding behavioural issues as between the developer and local residents. (3) the application for planning permission and listed building consent for 3 (formerly 4) houses on the site, in respect of which the developer has recently submitted extensive amended proposals, relative to which the DVA have submitted extensive objections. It was agreed that GACC should submit a letter to the planners supporting these objections</p>

Following a meeting with several other Resilience Team Coordinators, July 31 is the consensus standing down date. There has been a steady decline in the uptake of services offered by the Gullane Resilience Team. Dirleton – DT reported that the issues in Dirleton are different and the Larder has been one of the most popular services on offer from the Dirleton Resilience Team, though over the last few days there has been a significant drop in the people using it as more shops have begun to open up. There has been a steady stream of requests for prescription deliveries and shopping collections, but the Dirleton Team plans to stand down on July 31 as well. Aberlady – MD is wary of the winding down of the resilience activities As there may still be many people on furlough who are in danger of becoming redundant, there may be an ongoing need for support.</p> <p>Coastal Communities Museum – MW is the area rep on the Museum board of trustees.
